STANDING FIRM

4 WEEK COURSE

What is Standing Firm?

Standing Firm is a 4-week programme teaching strategies and tools to support participants in creatively responding to challenge and disruption in their lives and staying out of reactivity. Each webinar provides approx. 45 minutes of live input, with time at the end for comments, Q&A and support. Complemented with a worksheet/resources to apply the teachings between sessions, over the course of 1 month, participants gain:

- **Enhanced perspective on their current (and past) challenges**
- **More optimistic outlook on what is possible in their lives**
- **Tools to manage their mindset and create calm**

Using an interactive platform to deliver the webinar it is proving to be a great asset to connect staff who are working remotely and provide some on-going support and guidance.

What Participants Say

Standing Firm provided an anchor in the uncertain times and prompted me to go deeper at this time. Every aspect of the course and every resource sustained and nourished and nudged!

N Joyce

Many thanks for a super course, you have given me lots of great insights supporting ourselves during these challenging times

Anon

The training is helpful, motivating and inspiring. We need such supportive training at this moment in time
